LOVE FOR ALL HATRED FOR NONE

Northern Lights across UK sky

It's a rare treat for the UK if the Northern Lights can be seen in the skies above. But what causes this colourful display of green, red and orange lights? It's all to do with the Sun and electrically charged particles entering the Earth's atmosphere.

The display is caused by electrical charged particles from the sun entering the Earth's atmosphere.

Khilafat our link to Allah

Hadrat Mirza Bashir Ahmad^{ra} writes:

God Almighty does everything through wisdom and foresight, and there is always a good reason and logic behind it. According to nature's physical laws, man has only a limited life span, but the task of reformation and training of society requires a much longer time. So, Allah has established the system of Khilafat after the system of Prophethood. The Khalifah continues and carries on the task of the Prophet. The seed sown by the Prophet is protected and nurtured by the Khalifah till it becomes a strong and sturdy tree. It shows that in fact Khilafat is an offshoot or branch of the system of Prophethood, that is why the Holy Prophet^{sa} says that after every Prophet, the system of Khilafat is established.
