

Nasirat share their views on Khilafat and personal memories

All of our family mulaqats have been very very special. I remember this particular mulaqat very well from 2019. My grandfather requested beloved Huzoor (aba) for a family mulaqat with all of his children and grandchildren. Piyaray Huzoor graciously accepted, and we were told about the day of our Mulaqat. We all were super excited and happy.

On the day of Mulaqat, I wore my best fancy clothes and we all reached Islamabad. When we went inside Huzoor's office, I was standing on a side with my cousin sisters. Huzoor called me and said;

'Chotti Idher aao'
(Come here little one).

Huzoor gave me pen and chocolate and held my arm while he was talking to others. I was standing next to piyaray Huzoor throughout our mulaqat. At the end we all wanted to capture this blessed moment. While private secretary sahib was taking our picture, Huzoor all of a sudden asked:

'Chotti kahan hay?'
(Where is the little one?)

My father replied that, 'Huzoor, she is standing here'. Then Huzoor asked Private Secretary Sahib again...

'Chotti ki tasweer aa rahi hay?'
To this private secretary sahib replied yes.

Huzoor even then removed the table calendar that was in front of him to make sure that my picture is clear. That made me feel out of the world.

May Allah bless our piyaray Huzoor always.
May Allah always keep us attached to the Khilafat.

I personally think that Huzoor (aba) is a very knowledgeable and forgiving person. He always advises everyone in different ways such as the Friday Sermon or the Waqf-e-Nau classes. Whenever I write to Huzoor (aba) many of my prayers get accepted. For example, there was a time in which my parents were applying for a nationality.

I wrote to Huzoor (aba) telling him about the problems we were facing, Alhamdulillah after some time we got a nationality. Without Khilafat my life would be like the sky without blue or the rainbow without any colours as Khilafat brings a joy and a sense of peace in my heart, also I love how everyone meets each other so nicely as if they know each other.

This is the bond between Ahmadis. Without Khilafat I would have no knowledge on my religion, no advice to guide me and most of all I wouldn't be on the right path. If I had to describe Khilafat it would be impossible for me to choose a few words (that is how amazing Khilafat is) but these are some of the best words to describe Khilafat: unity, oneness, love for all mankind, unique leadership.

An experience which I had with my family which was very memorable, we went for a mulaqat with Huzoor (aba) and he told me to come next to him. Huzoor (aba) held my hand and it was as if he read my mind! He asked me if what he said was what I wished for and it was! I think Khilafat has changed the world by making many differences, but overall the one thing I think that Khilafat has changed about the world is that it had made it more peaceful. After all, we believe in Love for All, Hatred for None!

I think Huzoor (aba) is a representation of our Muslim community, he is also kind to me like a father. Huzoor helps us in every difficulty in our lives with his prayers and he provides us with a sermon every Friday, teaching us about the history of Islam.

Whenever I've written a letter to Huzoor (aba) for prayers, I've always got what I wished and prayed for. Sometimes I don't get what I wanted but I know that's for a reason as Allah knows it's not beneficial for me.

My life without Huzoor (aba) would be nothing! He's the leader I'm following, and he leads me to the right path. Without him I wouldn't know the things I know today which are so important for every one of us.

I went to meet beloved Huzoor (aba) and we took a good brand of honey and beloved Huzoor (aba) dipped his finger and licked it to bless the honey. We took the rest of the honey home and it was six times more delicious than it originally tasted!

It's totally different as to other leaders in the world. Huzoor shows kindness for all mankind and prays for the world.

I think Huzoor has changed the world by teaching love for all and hatred for none. He has also helped people around the world with 'humanity first'. And sending his people to different parts of the world to help the needy.

My name is Sabeeka Javeriah Raja and I am 9 years old. My name, Sabeeka was also given to me by our beloved Huzoor (aba). I remember before the pandemic my family and I had a meeting with Huzoor (aba). As usual before meeting Huzoor (aba), the whole family will shower and wear our best clothes as it is a very special occasion.

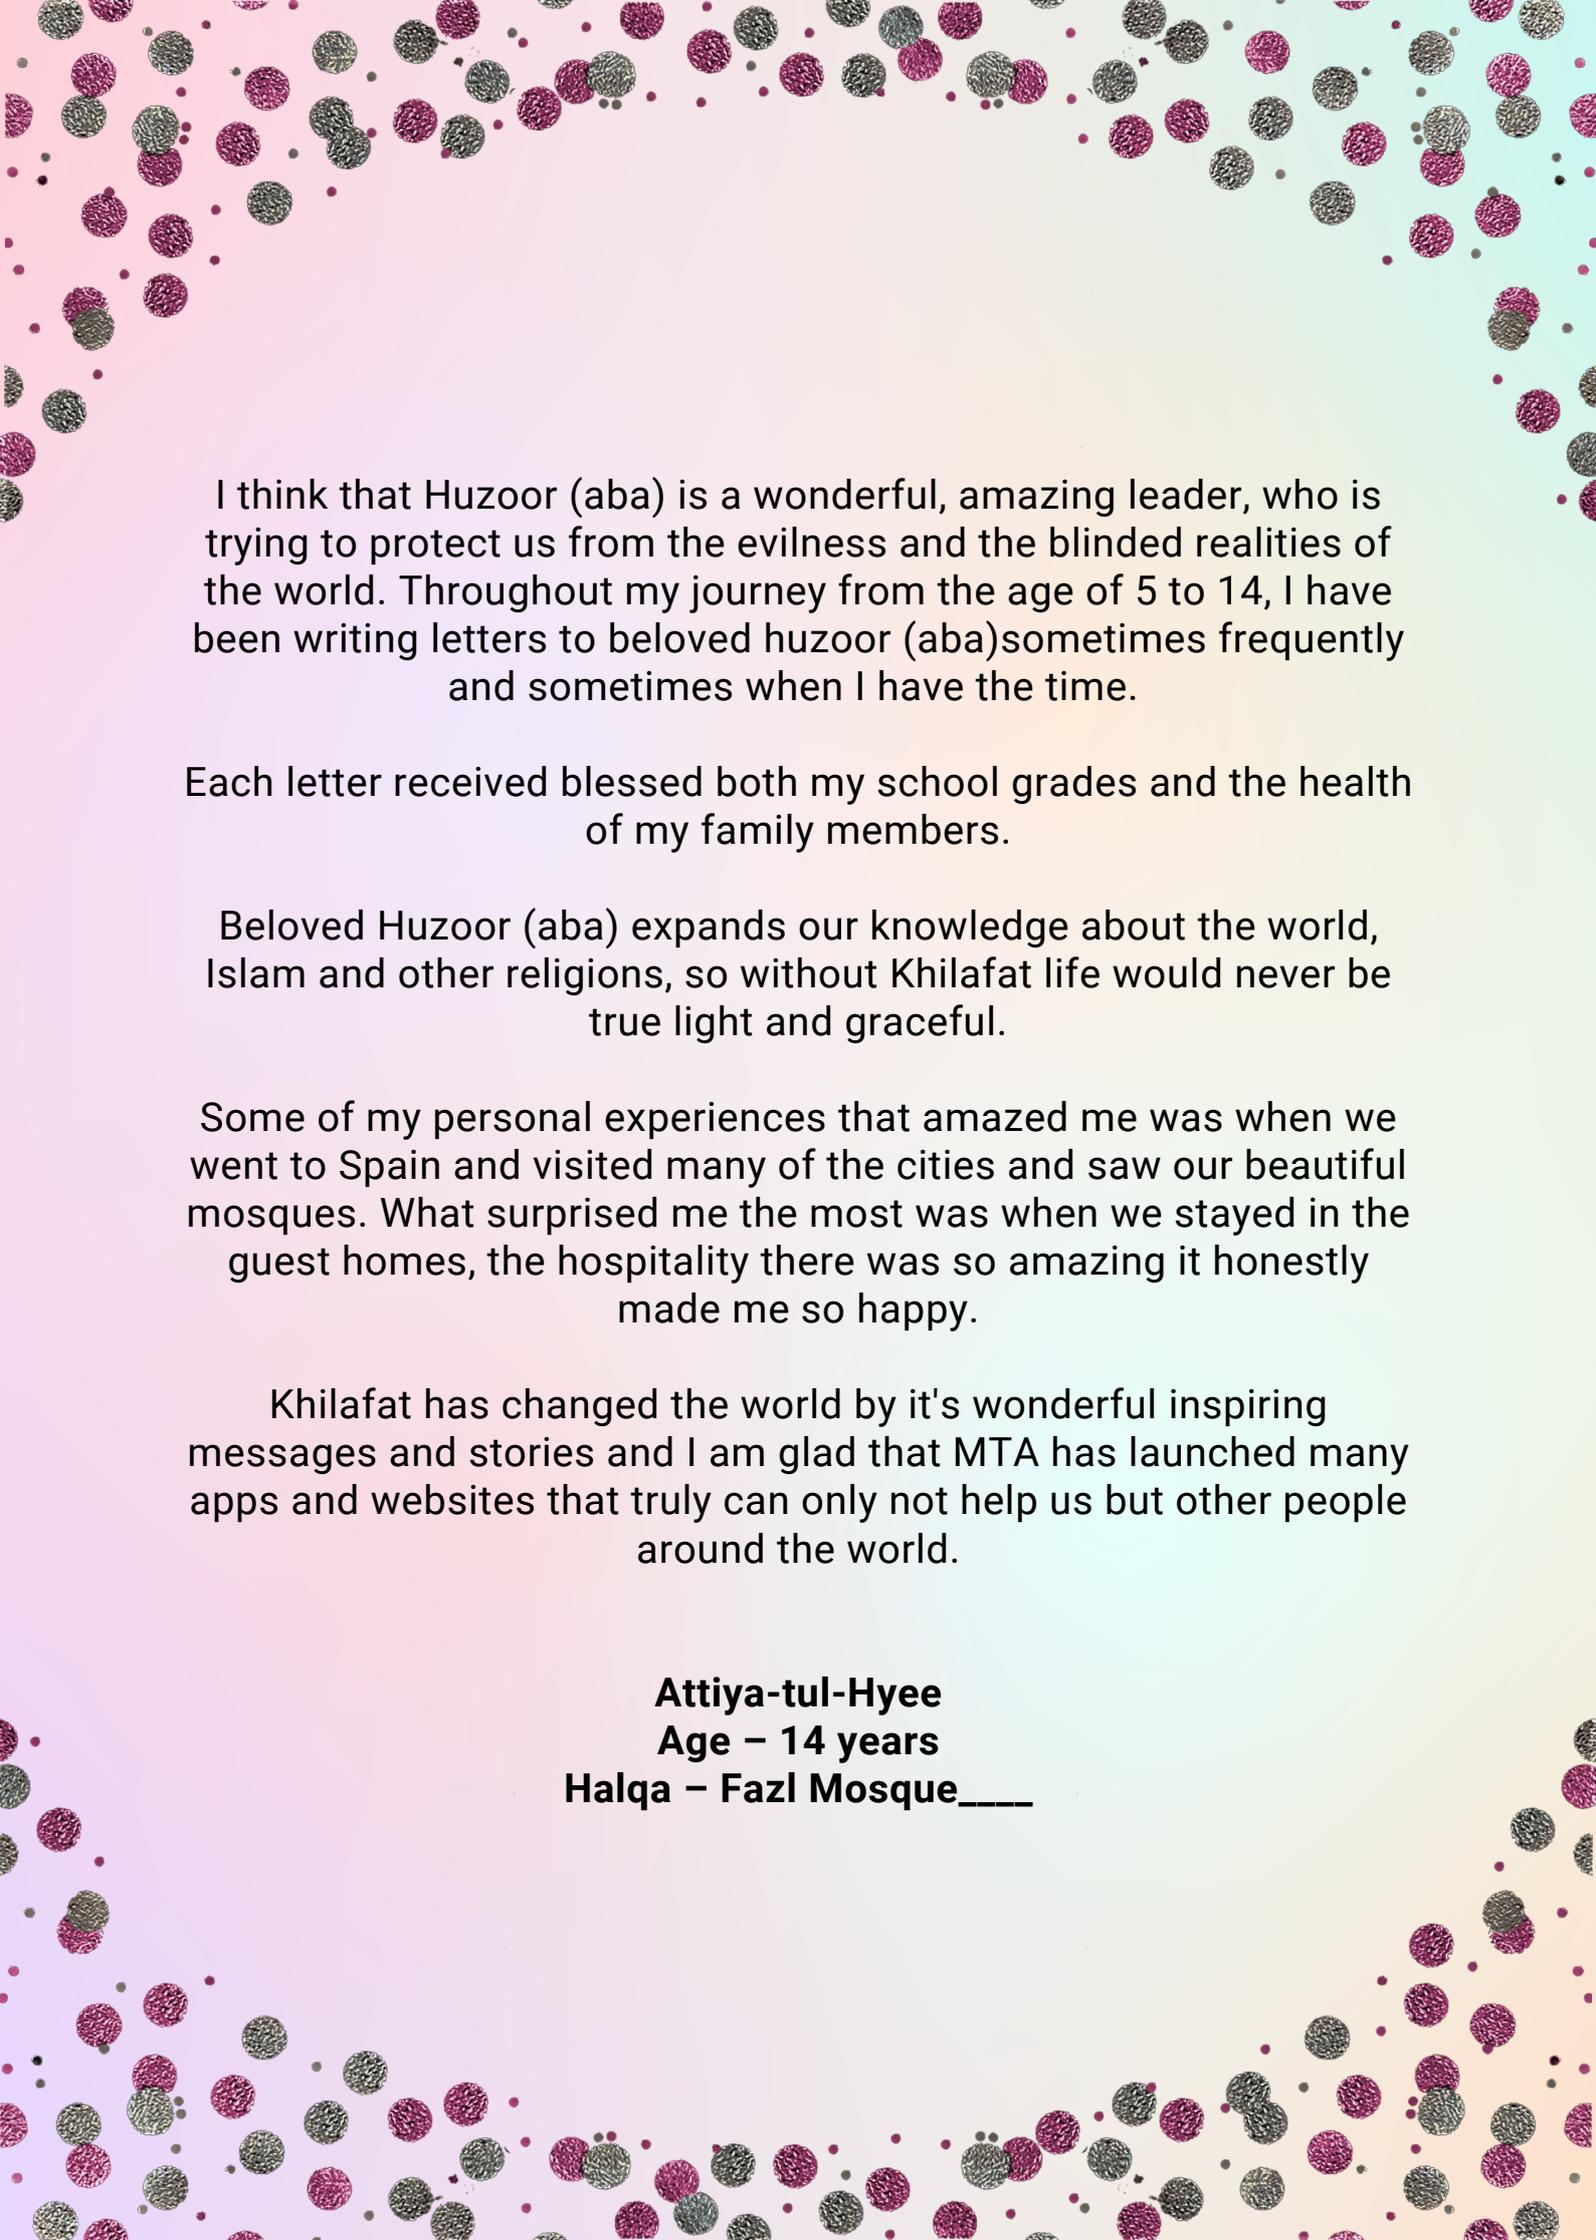

Our parents always tell us to recite durood sharif the day we meet Huzoor (aba). Our last family meeting with Huzoor (aba) was in July 2018 and was especially memorable for me.

In that meeting, for the first time in my life Huzoor with his right hand, placed the two rings he was wearing that belong to the Promised Messiah (as) on my cheek and it seemed as if he was praying whilst he did it.

This was a very special and memorable moment for me because everyone knows that Huzoor is the most precious person in our lives and this concept is 100% clear that he is more precious to us than our families.

A few days ago, I asked my mum; "how much do you love me?" to which my mother replied "a lot" in reply I said: "this means that you love Huzoor even more than that"

I think that Huzoor (aba) is a wonderful, amazing leader, who is trying to protect us from the evilness and the blinded realities of the world. Throughout my journey from the age of 5 to 14, I have been writing letters to beloved huzoor (aba) sometimes frequently and sometimes when I have the time.

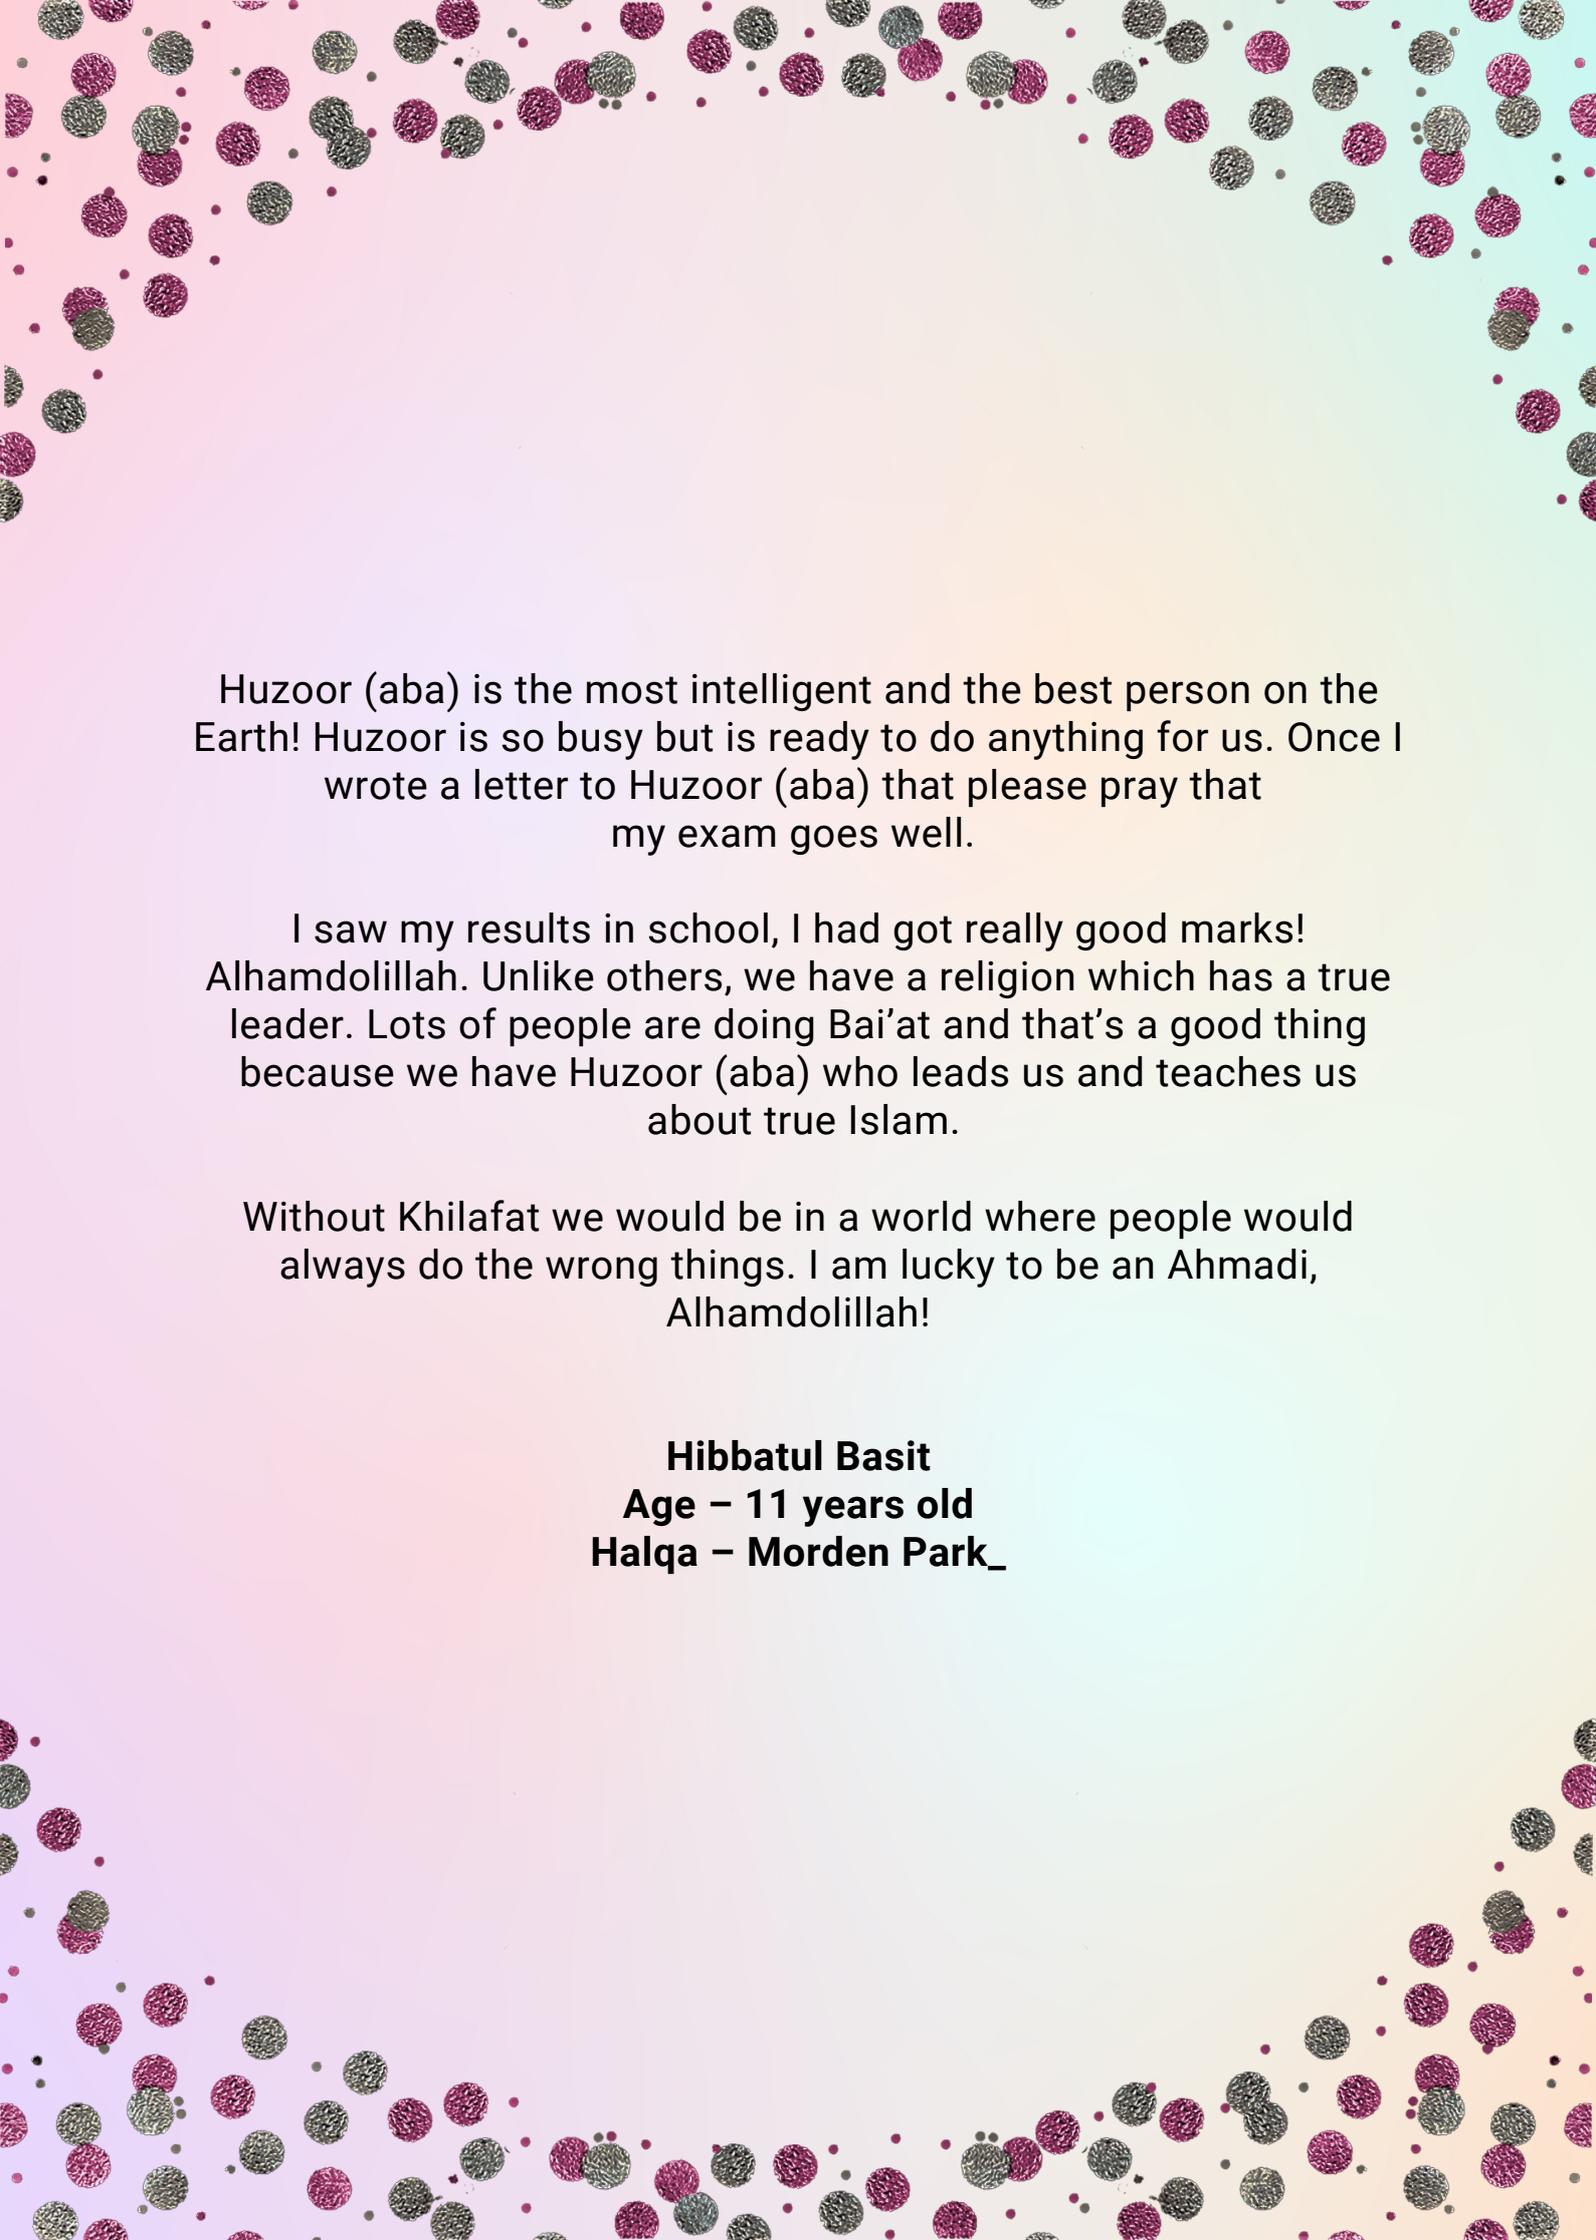

Each letter received blessed both my school grades and the health of my family members.

Beloved Huzoor (aba) expands our knowledge about the world, Islam and other religions, so without Khilafat life would never be true light and graceful.

Some of my personal experiences that amazed me was when we went to Spain and visited many of the cities and saw our beautiful mosques. What surprised me the most was when we stayed in the guest homes, the hospitality there was so amazing it honestly made me so happy.

Khilafat has changed the world by it's wonderful inspiring messages and stories and I am glad that MTA has launched many apps and websites that truly can only not help us but other people around the world.

Huzoor (aba) is the most intelligent and the best person on the Earth! Huzoor is so busy but is ready to do anything for us. Once I wrote a letter to Huzoor (aba) that please pray that my exam goes well.

I saw my results in school, I had got really good marks! Alhamdulillah. Unlike others, we have a religion which has a true leader. Lots of people are doing Bai'at and that's a good thing because we have Huzoor (aba) who leads us and teaches us about true Islam.

Without Khilafat we would be in a world where people would always do the wrong things. I am lucky to be an Ahmadi, Alhamdulillah!

Huzoor (aba) for me, is a very enlightened and truthful person. Huzoor once told me to constantly recite Astaghfar over and over again. Our lives are filled with guidance because of Khilafat as we follow the correct path. The main thing I feel that Khilafat has changed our lives is everything especially the motto:

Love for All, Hatred for None.

Because of Khilafat, our lives are guided on how to avoid sins. It has made us to be aware of the difference between Ahmadiyya compared to non-Ahamdis and other religions. Through this difference, we have learned the fact that, other than Allah, there isn't any other Supreme Being. This knowledge constantly has been testified by all the Khulafa.

I think Pyare Huzoor (aba) is the light of our eyes if we follow the light we will have success. We are so blessed to have a Khalifa like a father that shows us right and wrong.

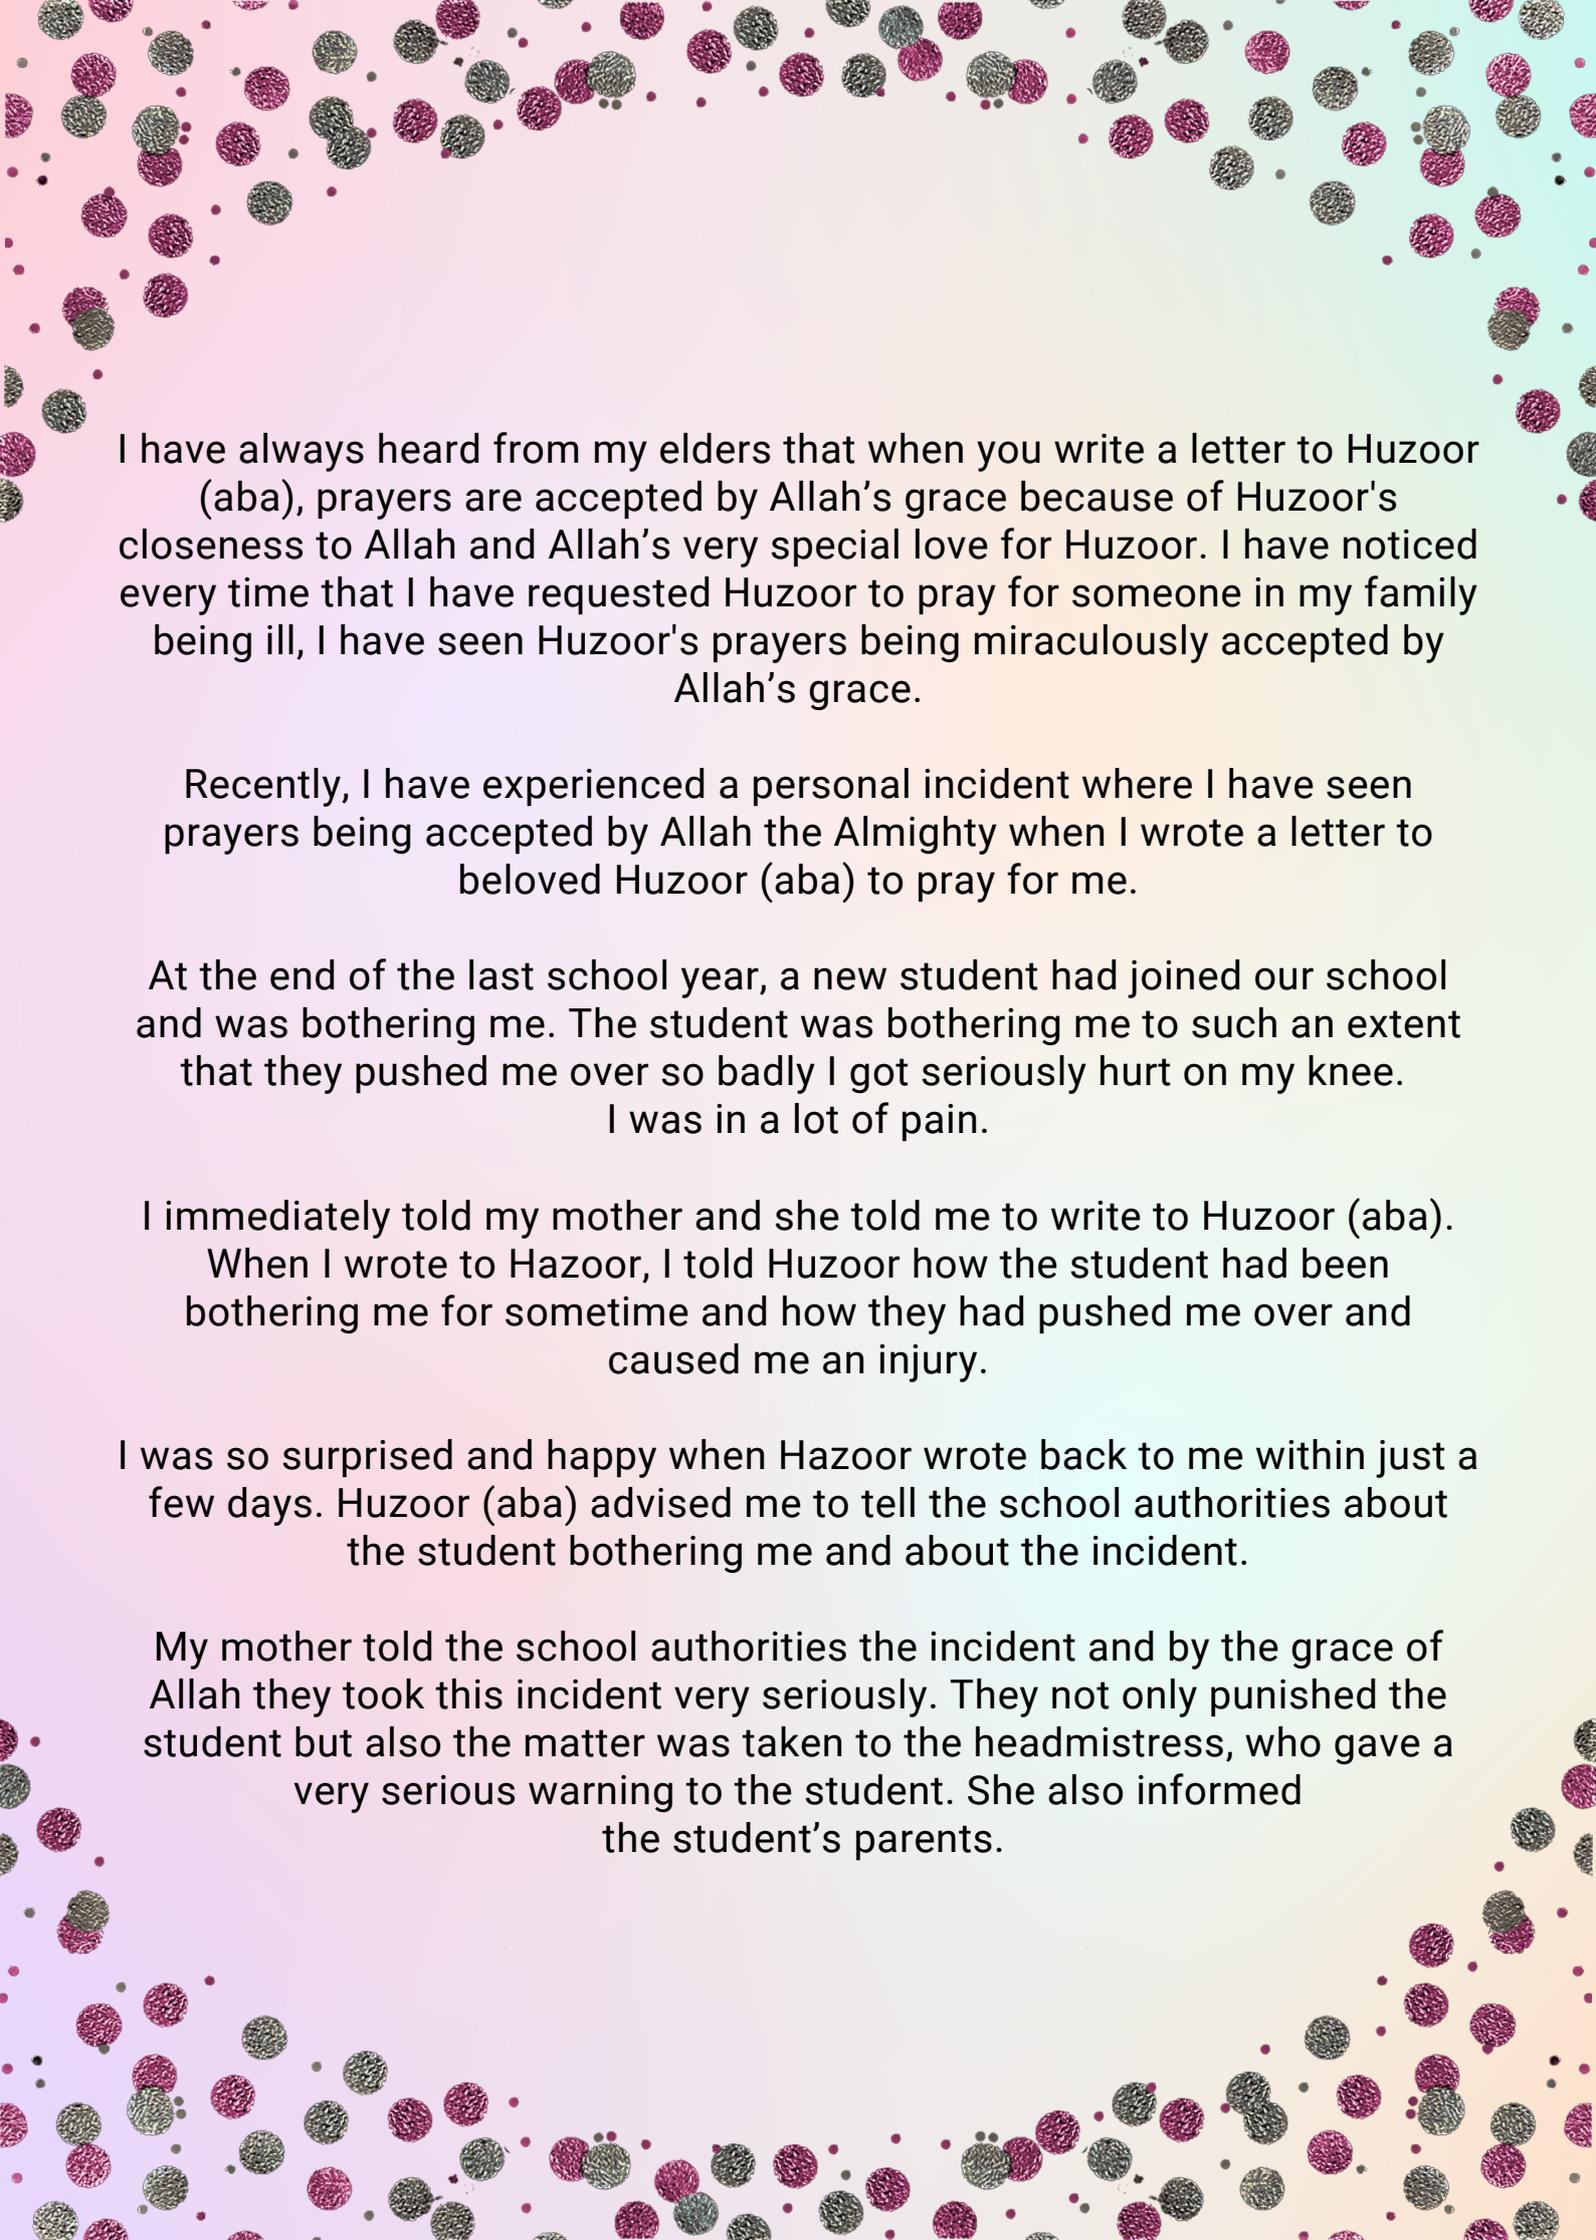

Because I regularly write a letter to Pyare Huzoor (aba) I feel that there is a big change in my life and it is just like a miracle.

Since writing to Huzoor (aba) I feel that I have started to think more positively, and I have started to do a lot better in my regular namaz and I have had a big change in my studies.

This is all because of dearest Huzoor's prayers. It's my wish that every child should write a letter to Huzoor (aba) and see the blessed miracles for themselves.

Our lives are only disciplined because of Pyare Huzoor (aba)
Alhamdulillah!

I have always heard from my elders that when you write a letter to Huzoor (aba), prayers are accepted by Allah's grace because of Huzoor's closeness to Allah and Allah's very special love for Huzoor. I have noticed every time that I have requested Huzoor to pray for someone in my family being ill, I have seen Huzoor's prayers being miraculously accepted by Allah's grace.

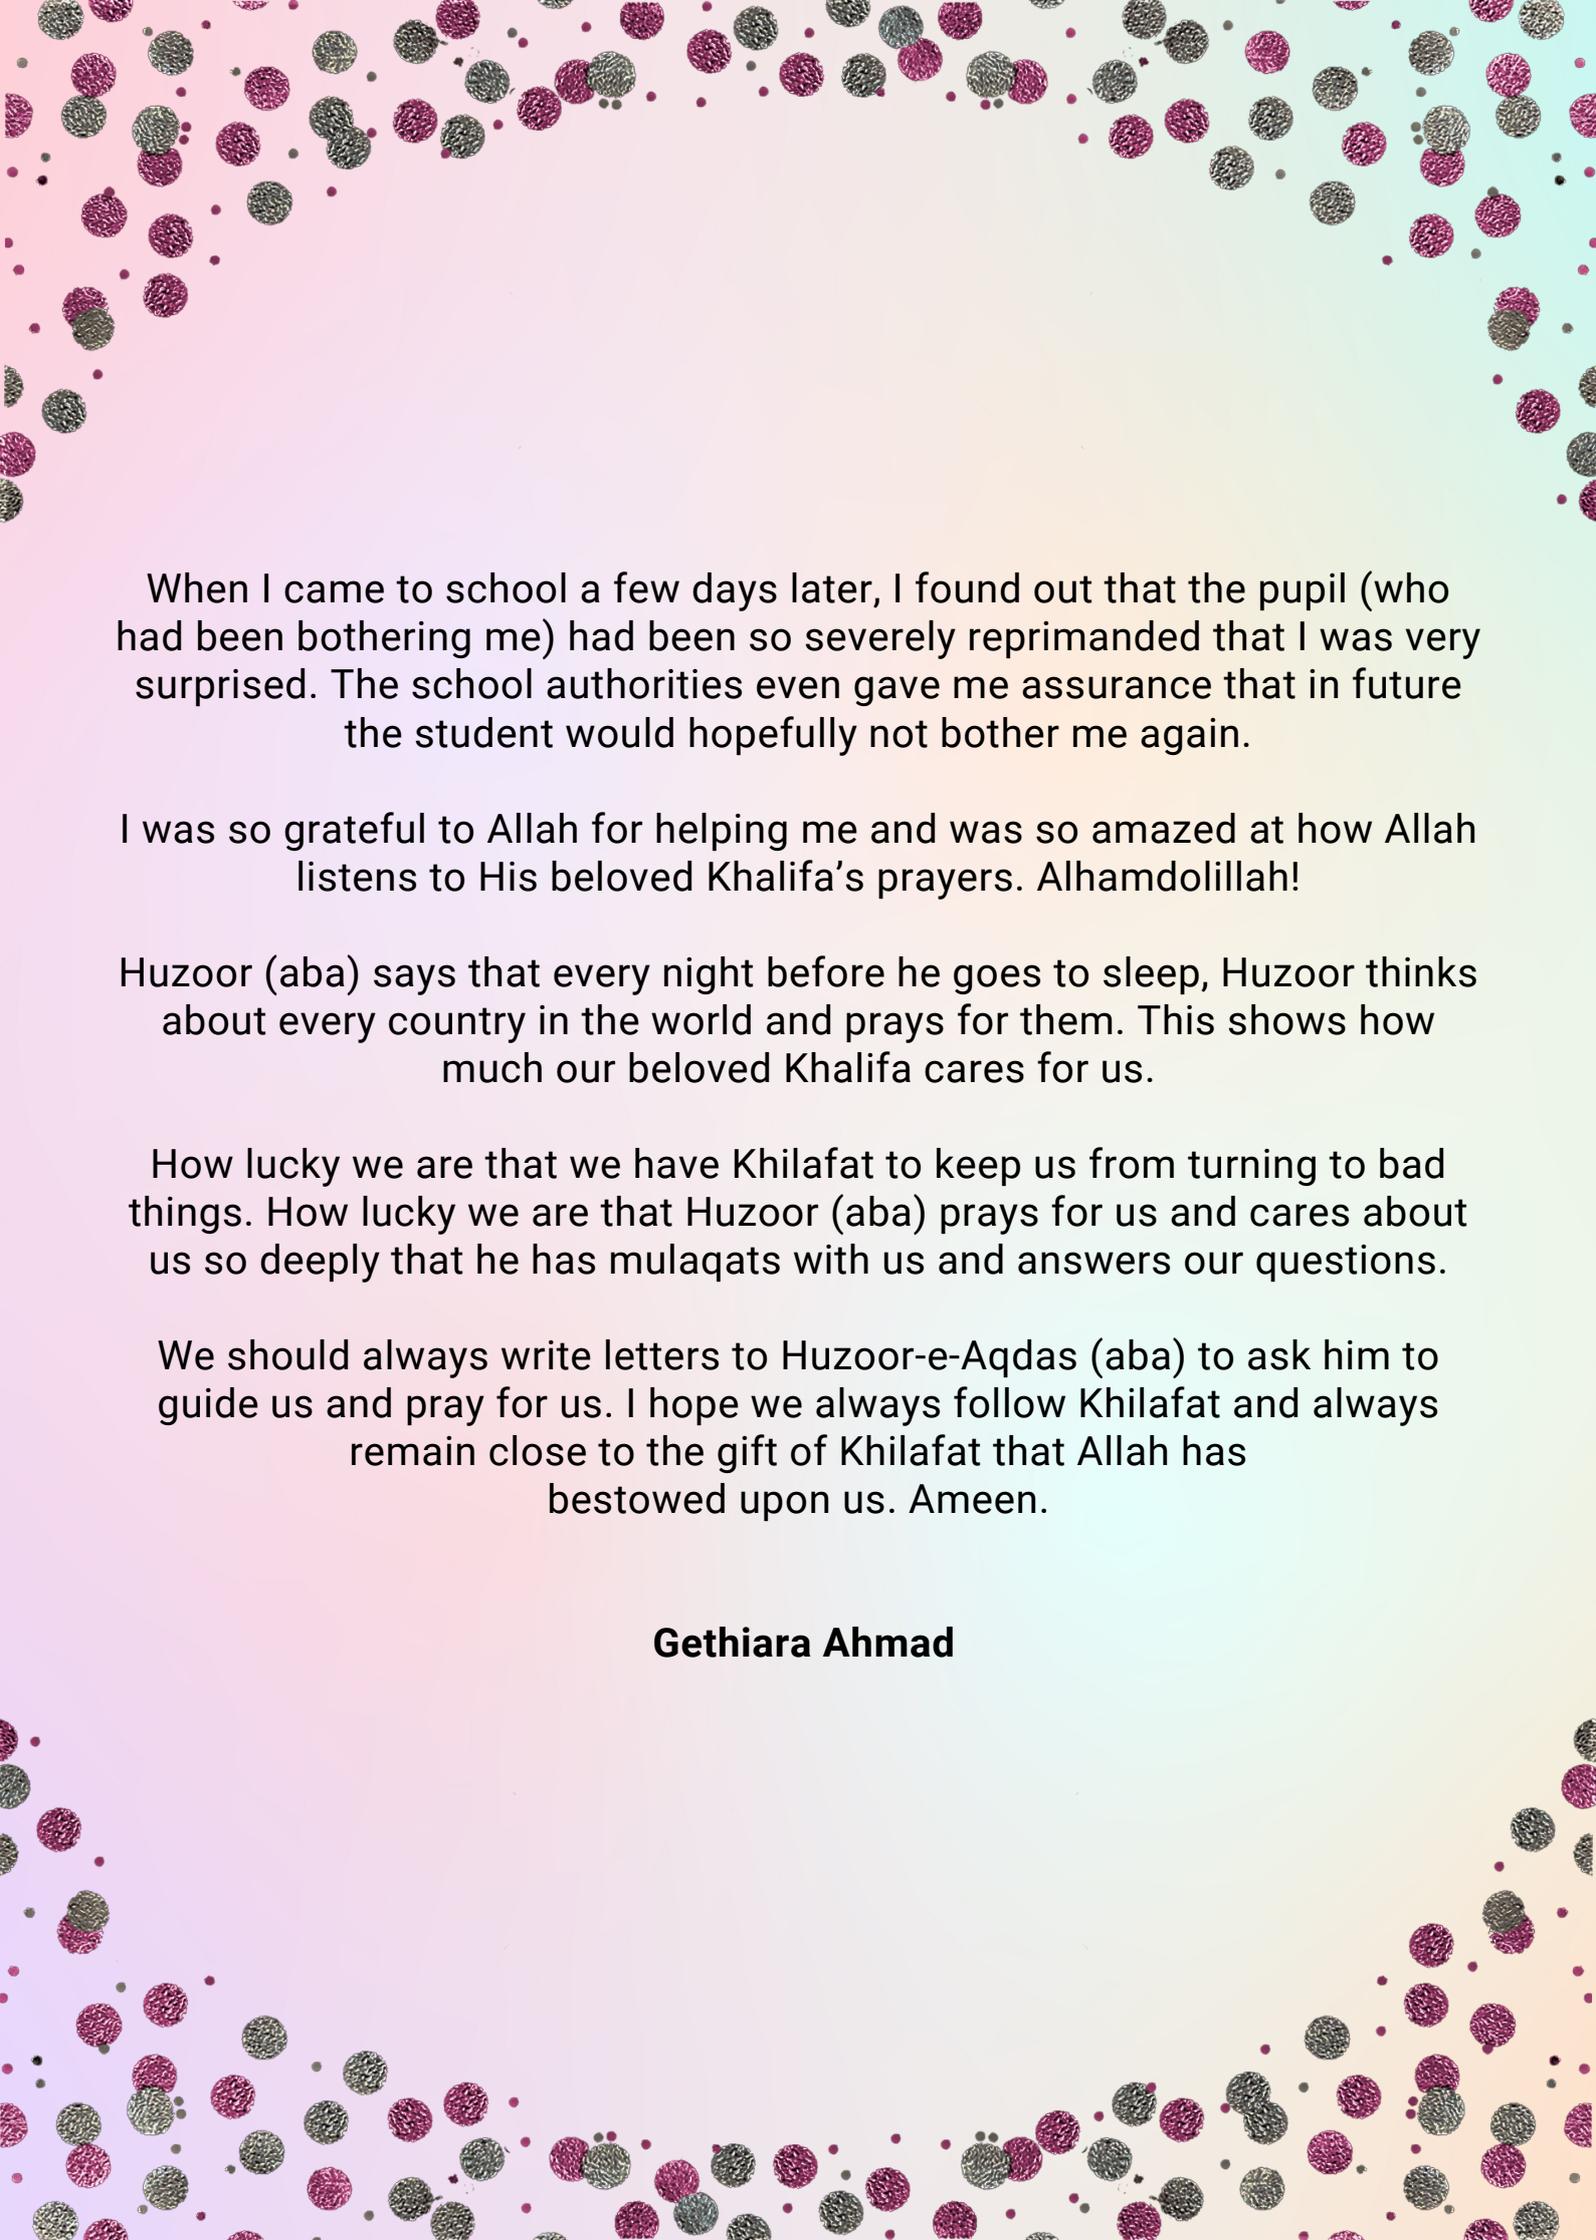

Recently, I have experienced a personal incident where I have seen prayers being accepted by Allah the Almighty when I wrote a letter to beloved Huzoor (aba) to pray for me.

At the end of the last school year, a new student had joined our school and was bothering me. The student was bothering me to such an extent that they pushed me over so badly I got seriously hurt on my knee. I was in a lot of pain.

I immediately told my mother and she told me to write to Huzoor (aba). When I wrote to Huzoor, I told Huzoor how the student had been bothering me for sometime and how they had pushed me over and caused me an injury.

I was so surprised and happy when Huzoor wrote back to me within just a few days. Huzoor (aba) advised me to tell the school authorities about the student bothering me and about the incident.

My mother told the school authorities the incident and by the grace of Allah they took this incident very seriously. They not only punished the student but also the matter was taken to the headmistress, who gave a very serious warning to the student. She also informed the student's parents.

When I came to school a few days later, I found out that the pupil (who had been bothering me) had been so severely reprimanded that I was very surprised. The school authorities even gave me assurance that in future the student would hopefully not bother me again.

I was so grateful to Allah for helping me and was so amazed at how Allah listens to His beloved Khalifa's prayers. Alhamdulillah!

Huzoor (aba) says that every night before he goes to sleep, Huzoor thinks about every country in the world and prays for them. This shows how much our beloved Khalifa cares for us.

How lucky we are that we have Khilafat to keep us from turning to bad things. How lucky we are that Huzoor (aba) prays for us and cares about us so deeply that he has mulaqats with us and answers our questions.

We should always write letters to Huzoor-e-Aqdas (aba) to ask him to guide us and pray for us. I hope we always follow Khilafat and always remain close to the gift of Khilafat that Allah has bestowed upon us. Ameen.

Gethiara Ahmad

When we see Huzoor (aba), we feel like we're standing in front of a great mountain. We feel protected under his shadow and every word of his is an advice which improves our life to make it beautiful.

I was very worried about why my interest in the Holy Quran was so low so I decided to write a letter to Huzoor (aba) to ask for his prayers. After a while, I noticed that my interest began to increase and I was more excited when discussions about the Holy Quran came up or If I had a Quran class.

We believe that due to the blessings of Khilafatul Masih, we are more successful. We always have a goal to achieve and if we are worried or stuck about something then we have the guidance of Khilafat and we always manage to find our way.

The respect for Khilafat in our family is beyond great. If ever someone is doing the wrong thing and an elder says "Huzoor (aba) has forbidden us from this" then even the youngest child instantly stops.

We believe that because of Khilafat, it has taught the world some important values. For example, unity, respect, peace and most importantly our motto "love for all hatred for none" has the greatest impact on every person.

Everytime I have met Hazoor (aba), I have always felt very blessed. It's like Huzoor (aba) is a shining star spreading his light to everyone and filling everyone with knowledge. He sets aside his busy day to attend the wonderful classes and that makes me feel special. Every time I have met Huzoor (aba) I overflow with joy. Hoping to meet Huzoor again soon.

He also reads our letters and every time I receive his letter there is a thoughtful message on it, guiding and helping me to get closer to God. In every letter I have written to Huzoor, he has given a wise and wonderful response I am grateful to be able to also listen to the Friday Sermons every week. It guides us and shows us the right path. He also tells us inspiring stories.

I am thankful that Huzoor (aba) is always there for us and prays for all the Ahmadis and all the people in this world.

I pray that Huzoor (aba) will live a long and healthy life and also that our Jamaat will expand and spread throughout the world.

Ameen

Whenever I write a letter to Huzoor (aba), I feel peace in my heart and I know with Allah's grace that my wish will be granted. I have noticed my parents have such belief in Khilafat.

Whenever my mum needs help from Allah, she always writes a letter to Huzoor (aba) first and Alhamdolillah by Allah's grace ALWAYS prayers are accepted.

There once an incident when I was in year 6 and I applied to Holy Cross Roman Catholic secondary school. A few days later I got a letter saying that the school Burntwood have a space for me.

My parents worried that I didn't get a space at Holy Cross so straight away they wrote a letter to Huzoor (aba). The next day, Holy Cross school phoned they have a space for me! We were so shocked, because I was at the very bottom of the waiting list!

But with Huzoor's prayers Alhamdolillah my wish was granted.
This is all to do with the blessings of Khilafat.
Jazakallah

My class was going on a trip to France for a week and all my friends were going, they also wanted me to go with them so I payed for the trip. Then I thought about writing a letter to our beloved Huzoor (May Allah be his Helper) to go and stay for one whole week.

A few weeks later, I got a reply from our Beloved Huzoor (May Allah be his Helper) and on the first sentence he wrote that it was best for me not to attend the trip.

I had a Mulaqat with our beloved Huzoor (May Allah be his Helper) a few days later so I told Huzoor (May Allah be his Helper) about the trip and our Beloved Huzoor (May Allah be his Helper) immediately remember the letter that I had wrote to him.

Our beloved Huzoor (May Allah be his Helper) told me a short story about his grandsons friend who also went on a trip once and he didn't like it at all, it didn't feel normal for him staying overnight away from home at a very young age.

Our beloved Huzoor (May Allah be his Helper) told me not to go on the trip to France. The next day, I told my school that I will not attending the school trip to France, so they cancelled the trip for me and by Allah's grace they gave me back a refund even though the trips payment was non-refundable.

The Khalifa of the time, Hazrat Mirza Masroor Ahmad (aba), is the person we should be loving the most even before our parents. My mum and dad tell me to love Huzoor (aba) as much as you can – to your heart's content.

As Huzoor (aba) has been chosen from Allah the Almighty, you also have to create a strong relationship with Huzoor (aba). I myself feel very comforted and happy when I see Huzoor's(aba) smile- knowing that he is happy, then so am I

By writing lots of letters, I can create a bond with Huzoor(aba) and he will pray for me and my family. Also because of Huzoor's(aba) prayers, I have succeeded in many of my works.

When I got 1st prize in my national Ijtema, I felt extremely happy knowing that I'm going to get my prize from Huzoor e Aqdas(aba). I'm still very proud and happy after that and hope I get more moments with Huzoor(aba).

May Allah grant beloved Huzoor(aba) a long happy and healthy life. Ameen.
